

**P.O. Portédisparu** PO Portédisparu is a committed artist of French rap.

He knew how to draw in his everyday life to write sensible texts, sincere, that were not

always merry. But where his town has inspired him and still does today.

Whether with his title « *Paris* » or « *Au Sud2Less* », his makes us discover places that

are precious to him.

With « *Balade à Notting Hill* » or « *Le son du Ghetto* » he brings us with him on a trip...

By his involved titles like « *Mon Crime* », « *Nique sa mère l'Rap français* » or « *Originaire de l'Ess* », the debate can only be settled.

Whether by his different voice, his atypical flow, his sharp lyrics, his amazing melodies,

his shriek of revolt and its moods, **P.O.** takes us into his own world...

An eclectic world where each one of us will recognize its self at one time or another; when

listening to his music, we cannot remain indifferent.

**P.O.** currently prepares its 1st album « *Il était une fois dans l'Ess* »
